WE UNDERSTAND THAT SEAMLESS COMMUNICATIONS AND POWER SUPPLY ARE CRUCIAL TO OUR CUSTOMERS' DAILY BUSINESS ACTIVITY.

As one of Victoria's largest electrical and communications service providers, PSG Elecraft has the in-house capability to manufacture, install and service commercial electrical and communication projects.

Long established as an electrical contractor of choice for many of Australia's leading brand names, we offer a diverse range of services including security, building automation and switchboard manufacture and installation. We've been delivering stable electrical and communication systems for over 30 years.

With Victoria's largest service team, PSG Elecraft provides our customers the reliable, responsive service partner they need. Our size means we have readily available teams to meet our customers' project timelines and respond quickly to emergency call outs.

Our investment in a well-resourced workforce also ensures our skills remain relevant to our customers' changing needs.

We commit to the highest standards of professionalism through ongoing customer-focused training programs and customer feedback surveys. Together with our knowledge and experience, it ensures we deliver appropriate, competitive solutions with the greatest respect for our customers and the people they serve.

With operations now in New South Wales, Tasmania, Victoria, South Australia and Queensland, PSG specialise in design, manufacture, installation and servicing of commercial and industrial electrical and communications projects.

PSG currently has over 1000 employees with an annual turnover exceeding \$300million.
