Hazardous Area Service /

JOINING THE ELECTRICITY GRIDS OF TASMANIA AND VICTORIA BY UNDERSEA CABLE IN THE BASSLINK PROJECT DEMONSTRATES THE DIVERSITY OF OUR SERVICE.

PSG Russell Smith is Tasmania's leading electrical and communications contractor with frontline skills in the delivery and support of a diverse range of power and communication technology.

Russell Smith was established in 1977. In 2006, Russell Smith became a member of Pacific Services Group (PSG) strengthening and broadening its service and reputation across Australia.

We service the commercial, heavy industry, marine and mining sectors with individual or fully integrated disciplines. These include electrical, voice & data, fire detection and security for both infrastructure and operational maintenance.

Our participation in the Basslink project demonstrates the diversity of our service. Joining the electricity grids of Tasmania and Victoria by undersea cable, Bass link is the world's longest sub sea high voltage electricity interconnector.

Our business was founded on service, quality, reliability, competitiveness and customer satisfaction. These values will remain our hallmark.

With our proven capability for partnering and delivering successful outcomes, and award-winning health, safety and environmental systems, we are a significant force in the PSG group of companies.

With operations now in New South Wales, Tasmania, Victoria, South Australia and Queensland, PSG specialise in design, manufacture, installation and servicing of commercial and industrial electrical and communications projects.

PSG currently has over 1000 employees with an annual turnover exceeding \$300million.
